**PUBLIC COMMENT:**

Scott Oldweiler stated that the other blood drive is November 29.

Mariam Charles I seen the sign on the door that the meeting was canceled. It was not on the website. It was posted on Facebook and someone asked why it was canceled and the Township answered that it was because 2 Supervisors have fulltime jobs and one supervisor needed to sleep because of work the next morning. Is this true?

Gary Harmon stated that yes, this is true two supervisors had to stay at work at the last meeting and two other meetings the other supervisor canceled due to having to sleep. I was out of town for work and Heath was stuck in traffic and he drives a truck.

Mariam Charles Can we at least update or take down the Facebook post. This is a public site. This just fuels the flames, you need to be objective. Maybe go take a class on anger management or something to deal with this in a better way.

Gary Harmon stated that this was taken care of and is a personnel issue not a public issue.

Mariam Charles be an adult about it.

John Iseley stated that the meeting was rescheduled, and the Township did place it in the newspaper.

**Adjourn.** Denise Arltey motioned to adjourn the meeting at 7:45 p.m. Gary Harmon seconded the motion. Motion Carried.
